Subject: Thanks for a job well done!

Hi Eric, I just wanted to extend my appreciation to the crew of guys that have been working with me here at Aetna in Hartford. It's my responsibility to keep the Chiller Plant running which can be a pain when you have the mayhem of major infrastructure work going on. Dave Piscatelli and his team were always responsive to my requests to move things and keep it neat, making my life easier. Everyone was courteous, friendly and professional. They were good about notifying me of necessary power interruptions and worked around my schedule so as to minimize any downtime to critical equipment. I'd certainly recommend them to anyone. I know there were many other fellows that helped but I'd just like to recognize some of the core guys I interacted with over the last year on this project:

Scott Munson
Bill Moriarity
John Lachnicki
Mike Smith
Eric Weiss

Make sure you pass along my thanks and take care of these guys because they make your company look good.

Sincerely,

Steve Higgins
